WORK EXPERIENCE

FreeLancer

2022 – 2023

Front End Developer

Cairo, Egypt

- E-commerce website for Clothes Store.
- A fully functional e-commerce web application, designed to provide a seamless online shopping experience for customers.
 - It provides the user with a catalog of different product available for purchase.
 - In order to facilitate online purchase a shopping cart is provided to the user.
 - Developed and launched a responsive website using HTML, CSS, JavaScript and React.

PROJECTS

Gericht Restaurant

Oct 2023

THE KEY TO FINE DINING

A comprehensive web application for a fictional restaurant, designed to provide an exceptional online experience for customers. This project showcases my ability to design and develop a user-friendly interface, implement e-commerce functionality, and deploy a functional web app. Developed and launched a responsive website using HTML, CSS, JavaScript and React.

Rock Paper Scissors

Jul 2024

A fun and interactive web-based game of Rock, Paper, Scissors, where users can play against the computer or challenge a friend. This project showcases my ability to design and develop a engaging user interface, implement game logic, and deploy a functional web app. Built using [HTML, CSS, and JavaScript] to create a responsive and interactive user interface.

Calculator

Jun 2024

A comprehensive online scientific calculator that performs mathematical operations. This project showcases my ability to design and develop a user-friendly interface, implement intricate calculations, and deploy a functional web app. Built using [HTML, CSS, and JavaScript] to create a responsive and interactive user interface.

Age Calculator

May 2024

A simple yet effective web application that calculates a user's age in years, months, and days based on their birthdate. This project showcases my ability to design and develop a user-friendly interface, implement accurate calculations, and deploy a functional web app. Built using [HTML, CSS, and JavaScript] to create a responsive and interactive user interface.

RoboFriends

Jul 2022

- It was my first react application to play with robots and add Redux to the app.
- Developed and launched a responsive website using HTML, CSS, JavaScript, React and Redux.
