FreeLancer 2022 – 2023

Front End Developer

Cairo, Egypt

- E-commerce website for Clothes Store.
- A fully functional e-commerce web application, designed to provide a seamless online shopping experience for customers.
- It provides the user with a catalog of different product available for purchase.
- In order to facilitate online purchase a shopping cart is provided to the user.
- Developed and launched a responsive website using HTML, CSS, JavaScript and React.

PROJECTS

Gericht Restaurant Oct 2023

THE KEY TO FINE DINING

A comprehensive web application for a fictional restaurant, designed to provide an exceptional online experience for customers. This project showcases my ability to design and develop a user-friendly interface, implement e-commerce functionality, and deploy a functional web app. Developed and launched a responsive website using HTML, CSS, JavaScript and React.
